# Senior Spotlights

Congratulations to our  
2026  
graduating seniors!

After graduation, I plan to attend Mount Union and major in Nursing. One of my favorite dance memories is from my very first day at Revival when Jenna came up and told me I was her friend—even though I had no idea who she was! Dance has been a huge part of my life and has brought me so much happiness, along with lessons learned through challenges along the way. Most importantly, it has given me lifelong friendships and unforgettable memories. I will never regret my decision to dance or to make the switch to Revival, as those experiences have helped shape me into the person I am today. No matter where life takes me, I will always have a love for dance.

*Kaylynn*

After graduation, I plan on attending The University of Mount Union and majoring in nursing. I will also be on the dance team. One of my favorite memories is meeting all of my friends. The memories and bonds we have created will stay with me forever. Growing up, dance has meant so much to me. It was more than just a sport; it was a way to express myself. It helped me build confidence and connect with others. Dance brought me joy during both happy and difficult times, becoming a special part of my life that taught me confidence, creativity and discipline. Dance will forever hold a special place in my heart.

*Layna*

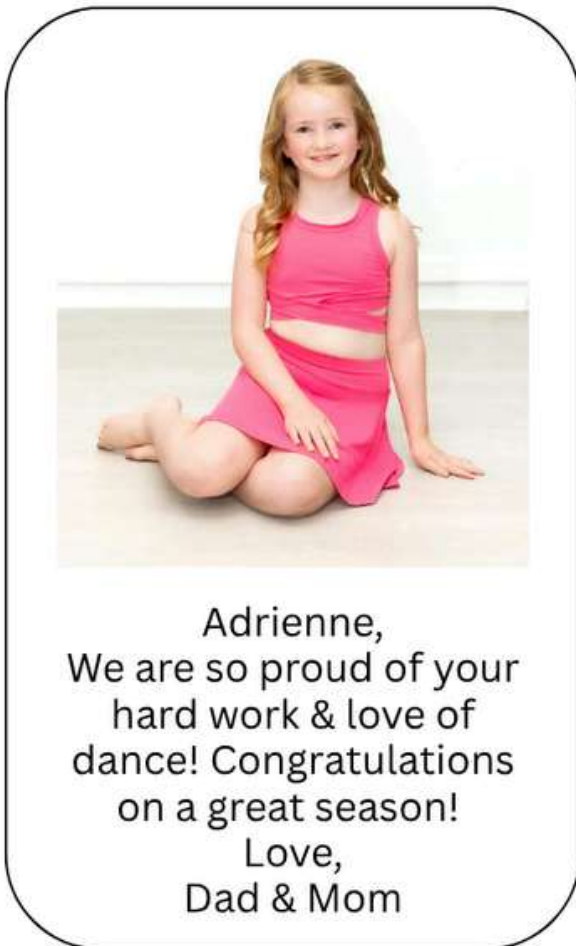

After Graduation I am taking a Gap year before attending college. Switching to revival 3 years ago was the best thing that ever happened to me. Dance has always been a huge passion of mine and sometimes passions start to die out. When I was at a low the teachers and dancers who now feel like family to me have brought my confidence, passion, and resilience back! My mom originally threw me into dance at 3 to see if I would like it and I couldn't thank her enough for what dance has brought me. Dance isn't just an activity to me, it's walking into the studio ready to learn, improve, have fun and most importantly a big family who has your back and supports you. I also want to acknowledge my Minis, these little buggers have always been the best part of my week coming in to those excited faces ready to dance. It reminded me of how I was when I was their age and I hope they never change! I have felt so much support and Joy from this dance family and I want to thank everyone for the best last 3 years! I also want to thank my Mom for helping me follow this passion and supporting me! Dance will always be apart of me for the rest of my life!

*Katie*
